## The Strongbow Painted Collection

We have used our cabinet making and finishing skills to develop a painted range. The elegance of the existing handcrafted designs has been enhanced and transformed with a beautiful range of lightly distressed painted finishes combined with sumptuous tops in Yew finished to a rich toasted caramel colour. This new hand crafted collection is designed to encompass and enhance both modern and classic interiors.

The new lightly distressed paint colours are Grey and Cream and are available on all models except the Laptop Bureau 1175, Lamp Table 1061 and Lounge Table 1062.
